

Assistance Programs for Massachusetts Residents

Where to find help, information and referrals

The Commonwealth of Massachusetts and partner organizations provide a wide range of services to help individuals who have exhausted or may soon exhaust their unemployment insurance claim. Unemployed individuals may be eligible for assistance to meet basic needs as well as other services such as health care, counseling, employment and training assistance, and more. You can either call 2-1-1 to learn about a broad range of resources or contact these agencies and organizations directly to inquire about their programs.

2-1-1 is available 24 hours a day, 7 days a week and is staffed by counselors that can get you the help you need.

All calls are free and confidential. Trained counselors can assist you with almost any challenge such as child care options, workforce retraining, mental health issues, or housing and rental assistance.
